Description

Teaching and learning through the commonly available Microsoft PowerPoint technologies using media. Develop speaking and listening in a digital age. Participants will be able to explore the use of media mixture (sound, video and images).

Create adverts, news reports, interactive stories or a digital book.

An ideal introduction to web design or creating a Yr6 digital book.

Aims to :-

- Use MS PowerPoint imaginatively to support Creative Curriculum projects.
- Use movies, sound and text effectively in MS PowerPoint.
- Exploring a non-linear approach to linked pages in a Web Site style of navigation.
- Animate!

Approach

During the training, staff attending will be shown how to use IT creatively to construct a presentation and then supported to explore the creative use of Microsoft PowerPoint related to the foci of their age group and school.

Bring your curriculum ideas and media, use our media or find out how to download media from the web.
