This course is appropriate and adaptable to school based training with students and staff.

Description

Aimed at teachers of K.S.2 children this workshop considers the use of ICT in Numeracy. To complement the pen and paper the computer can be a tool to bring Mathematics alive. Look at simple graphing, formulae and mathematical patterns using Logo.

Aims to:-

- Identify Numeracy / ICT links using an Interactive Whiteboard.
- Work with Spreadsheets; formulae and problem solving scenarios.
- Explore Logo; shape, patterns and problem solving scenarios.
- Consider Numeracy resources on the internet.

Approach

'Hands-on', informative and with time to explore this workshop gives staff time to look imaginatively at ICT how it can influence the creative teaching of Numeracy using technology.
